To Whom It May Concern:

We appreciate the work of SLI Compliance on the Verity 1.0 and Verity 2.0 test efforts, which successfully culminated in certifications of these systems by the U.S. Election Assistance Commission. The SLI team's professionalism was apparent in their responsive, thorough approach to testing. They kept the lines of communication open among SLI, Hart InterCivic, and the EAC. SLI also made an extra effort to meet the stringent timelines we requested to bring Verity to market.

Hart has been very pleased using SLI for their certification testing needs and recommends their services.

Sincerely,
